REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The Examiner is convinced by applicant's arguments and further, the Examiner agrees that the prior art of record fails to teach or render obvious the combination of all the elements and it's structural relationships and further comprising the structural relationship of L1 and L2 as defined/claimed having the specific range of values for L1 and L2 and the ratio of L2/L1 being within the specified range as claimed.

Further, the specification provides a table with evidence that the relationship between the lengths and the ratios work within the range claimed is critical.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
